REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art fails to teach a combination of all the limitations as claimed in the independent claim 4, wherein the claimed invention comprising a bridge having a pair of first connection pieces perpendicular to two ends stuck on an inner edge of said lenses, said first connection pieces each having sticky surface toward said lenses; a pair of L-shaped temples each having a second connection piece stuck on outer edge of said lenses and each having a sticky surface toward said lenses; whereby, said connection pieces are removable and adjustable to correct the focus and the horizontal line to fit the eyes and the face of a wearer claimed in claim 4. The prior art does not disclose or fairly suggested, by themselves or in combining with any other reference to meet a combination of all the limitations as claimed in claims 1-4. Therefore claims 1-4 could be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
